ROSADI

6285717667604 | Tangerang Regency – Banten 15570 | rosadi8890@gmail.com | rosadiapps.github.io

I am a graduate of Tangerang Muhammadiyah University in 2019 majoring in Informatics Engineering with a GPA of 3.16/4. My knowledge in technological progress and development can be relied upon to build a more modern and competent corporate image. Some of the experiences I've lived have also provided quite important lessons in my career. Besides that, I also have advantages in problem solving and also technology adaptation.
